WELCOME TO SCLA!

New Member Information

Established in 1939, SCLA is an association serving librarians, library staff, trustees, lifetime and honorary members in Suffolk County on Long Island, New York. Through the exchange of ideas, expertise and support through workshops, seminars, publications, conferences and electronic media this Association continues to take a leadership role for the community which it serves.

Introducing a New Committee

LILPA

Long Island Library Pride Alliance

The purpose of the Long Island Library Pride Alliance (LILPA) is to provide LGBTQIA+ information, services, and materials to both library professionals and users of libraries on Long Island by:

Ensuring that Long Island libraries have the resources necessary to meet the needs of queer patrons and staff members

Providing a forum for discussion, as well as an environment for advocacy and education, regarding the needs of queer library workers and the queer community at large

Providing support for free and open access to information, without censorship, for all queer individuals and their allies.

Divisions

<http://scla.net/rasd/>

To unite in one division all those who are interested in any phase of reference and adult services. To give those having responsibility for the above services an opportunity to exchange information, develop techniques and improve their professional endeavors. To have representation on the Board of Directors of the Suffolk County Library Association.

“The purpose of the Support Staff Division shall be to unite into one division all of those who are interested in clerical, security and/or custodial issues in libraries.”

The Support Staff Division of SCLA, a Regional Chapter of the New York Library Association, was formed in 2001 with you in mind. It is the goal of the division to unite into one division all of the support staff of Suffolk County libraries. It's easy to join! Simply indicate the 'Support Staff Division' as the main division of interest on your SCLA application.

We offer many exceptional programs, workshops, and tours, which would be of interest to those involved with all aspects of Technical Services and Computer Services in libraries. In addition we publish a newsletter and have this website as a forum for gleaning and exchanging information pertinent to the division.

To foster the development of the highest standards of library service to and for young adults, grades 6-12. To advocate continuous specialized young adult service to attract and retain patrons through the transition from childhood to adulthood.

To provide young adults access to the entire range of library materials and services.

To promote active cooperation among schools, community organizations, and public libraries. To provide the means for all young adults to expand the boundaries of their thinking, and to empower them to fulfill their academic, vocational, recreational and emotional needs.
