

# eBook Setup Guide iPad/Android Tablet

**Formats: EPUB, MP3 (Overdrive App)  
Kindle (Kindle App)  
Requires wireless connection**

**Members need to download either/or both the Overdrive Media App, or the Kindle App.**

**The Overdrive media app requires a Adobe ID which is created at Adobe.com. The Adobe ID consists of their email address and a password.**

**This ID will authorize the Overdrive App on their tablet. Choose an EPUB or MP3 audio book by visiting the Live-brary.com website on the tablet browser. The files will automatically download and open in the Overdrive App.**

**The Kindle App requires that the patron has a Amazon.com account.**

**Choose a Kindle eBook by visiting the Live-brary.com website on the tablet browser. The files will automatically download and open in the Kindle App when the application synchronizes with their Amazon.com account. Title can be managed at the “Manage your Kindle” link on the Amazon.com website.**
