Get Into The Cloud

Many patrons are already using cloud services and many would benefit from their use. Libraries need to embrace the Cloud and leverage the adoption of cloud services to prepare for a Cloud based digital lifestyle.

Join this panel as they discuss the reasons for adopting Cloud services, the current and future trends of the field and practical collaborative applications for using the cloud in libraries such as Microsoft Office 365.

Discussion with Food and Refreshments to follow.

Presenters:

James Matias, Technology Manager Middle Country Public Library,
Stephen Ingram, Digital Services Librarian Northport-East Northport Public Library,
