TECHNOLOGY PETTING ZOO

On Thursday, October 3rd, CATS hosted a "Technology Petting Zoo" program at SCLS. Libraries from Suffolk and Nassau set up tables and showed off equipment, devices, materials, programs, and ideas. The program was a success with over 40 attendees and 10 libraries exhibiting their technology and services. We are so grateful to everyone who was able to attend the event and we hope to expand upon this program next year!
