

Parents of Transgender & Gender Diverse Children

14-week Educational Support Group

Tuesdays 12 to 1 pm

The goals of this FREE group are to offer educational material and support for parents, caregivers, and other adult family members of transgender, non-binary, and/or otherwise gender-diverse children. The group will offer space for free-form discussions where members can listen to each other and receive peer support.

Learn more about the following topics:

- Navigating the physical, mental, and social complexities of gender diversity, especially as it relates to the family.
- Supporting, empathizing, and being present with your child through the social challenges around gender.
- Exploring various gender affirming services, what they are, and how to access them.
