2012 STATISTICAL AND POLICY SURVEY

The **2012 Statistical and Policy Survey** was prepared by the Statistical Survey Committee of the Suffolk County Library Association.

This publication is based upon the updating and verification of previously printed data, as well as from selected information in the New York State Member Public Library Survey for the 2012 calendar year. Every effort has been made to provide accurate and meaningful statistics. Information from highlighted libraries has not been updated.

This edition includes a directory of Suffolk County public libraries and an index. The libraries are listed alphabetically.

Thank you to all the Suffolk County Directors and their staff who reviewed and corrected their library's data. Thank you also to SCLA for posting the updates.
