The Inbe-TWEENs: Children Today, Teens Tomorrow

With Carisse Bormann and Nicole Peters,
Teen and Tween Librarians from West Babylon Public Library.

Make life-long library users of your tween population...

Tweens are often stuck between being a 'child' and a 'teenager': they are strong-willed and independent, yet still in need of supervision and guidance. Carisse and Nicole will give expert advice on how to attract tweens through appealing programs, strategic marketing and a collection of books and media that foster their independence and help them make the transition to the teen years.
