EARTH DAY 2022

Friday, April 22, 2:00-3:30 PM, via Zoom
Earth Day 2022

Online Registration:

portal.suffolklibrarysystem.org/node/34247

The Support Staff Division will be hosting an Earth Day program featuring gardening and seed libraries. It will on Friday, April 22nd on Zoom in place of our monthly meeting from 2-3:30 pm. Some of your favorite library staff members will be speaking about programs already in place at various libraries throughout Suffolk County to share the benefits and lessons learned of the seed libraries in our communities. We hope SSD members and non-members alike will join us. Each attendee will receive a special box with seeds, and surprises after the program through system to thank you for supporting us and these ideas.

More information to follow.
